As the world continues to focus on clean, green energy, we are proud to state that our focus on sustainable power remains switched on. Our connection to creating alternative sources, coupled with our work ethic and team work ensures that we remain grounded and realistic on the prospects of a whole new world of power. And as we step into a new year, we will continue to be at the pulse of this movement, plugged in to all the possibilities that nature has to offer as we generate clean and green energy for all.

# **Financial Summary**

Adverse weather pattern during the latter half of the year coupled with reduction in the tariff rates resulted in a decrease in profits.

The Group is actively engaged in developing new service lines and non-hydro based power projects to mitigate this risk in the future.

# Performance at a Glance

It is my pleasure to welcome you all to the Annual General Meeting of Vidullanka PLC on behalf of the Board of Directors of the Company and present you the Annual Report along with the audited financial statements for the year 2011/12. The year marked a milestone in the time line of growth of the Company with the commencement of 3 mini hydro power projects.

#### **Macro Economic Environment**

Sri Lanka has been enjoying the post war economic boom since the latter half of 2009. However in Year 2011, the economy showed mixed indications. The country achieved a 8.3% GDP growth with the industrial sector recording a 10.6% growth. On the other hand, with the policy change in the exchange rate regime, the rupee significantly depreciated in the latter part of the financial year, which has posed a sense of insecurity to the businesses.

The country also saw the completion of key infrastructure developments, especially the first phase of southern express way, the first highway of the country and the 300 MW Nuraicholai Coal Power plant and the Hambantota Port. In addition, the government has commenced the implementation of a number of infrastructure projects including Colombo South Harbour Project, Matthala International Airport, Phase II of Southern Expressway, Colombo – Katunayake Expressway and Colombo Outer Circular Highway thus paving a way to attract Foreign Direct Investment.

The national power generation moved up to 11,524 GWh, a 7.5% increase from the year 2010. The share of hydro power in total power generation decreased to 40% in 2011 from 53% in the previous year due to the dry weather conditions which prevailed during the second half of the year. As a result, thermal power generation increased by 36%. In addition, the share of CEB in total electricity generation decreased to 57% in 2011 from 60% in 2010, increasing the share of power produced by the private sector to 43%.

#### **Renewable Energy Industry**

The renewable energy industry of Sri Lanka is dominated by the small hydro power sector, with the installed capacity of 190.6 MW. The rapid growth of this industry was achieved by the government support through the state institutions such as Sri Lanka Sustainable Energy Authority, Central Environmental Authority and CEB. Presently the industry is an internationally renowned one, and is spearheading the East African small hydro power industry.

However apart from the present adverse changes in the macro economic variables, the small hydro power sector of the country faces its own hardships. The long chain of approval processes, transmission line availability and land related issues exert pressure on the developers.

Wind based energy generation has the potential for a rapid capacity growth in the country and a fast growing sector of the Sri Lanka Renewable Energy Industry. The country also saw the emergence of the Bio-mass based power projects with a total capacity of 11.5 MW power plants being commissioned in 2011. The solar power projects are still in the introductory stages with the Sri Lanka Sustainable Energy Authority commissioning two pilot projects in September 2011, in Hambantota.

# Chairman's Message

"However apart from the present adverse changes in the macro economic variables, the small hydro power sector of the country faces its own hardships. The long chain of approval processes, transmission line availability and land related issues exert pressure on the developers".

#### Performance of the Group

The electricity generation of the power plants significantly decreased in comparison to the previous year due to the low rainfall which occurred in the latter half of the financial year 2011/12. In addition, the avoided cost based tariff reduced by 7%. These adverse external factors have resulted in a decline in the profit of the Group.

Apart from the project development and power generation, your Company is growing rapidly in the field of providing total turnkey solutions. The excellence achieved from in-house innovations by the Vidul staff has positioned Vidul Engineering Ltd as a reliable, quality oriented technology partner in the renewable energy industry. During the year under review, the subsidiary served several external clients and is in the process of expanding its horizon to the international arena.

#### **Developments Underway**

I am delighted to announce that your Company is about to commission its fifth mini hydro power project, Hal Oya MHPP in June 2012. The project with an installed capacity of 800 kW is expected to deliver 2.65 GWh energy to the national grid. The construction of the 2.5 MW Madugeta MHPP located in Neluwa, is underway and the plant is expected to be commissioned in 2013/14 financial year.

Your Company is also in the process of constructing a 1.3 MW mini hydro power plant in Ratnapura district which is expected to be completed by December 2012. Further the Company is also in the final stage to commence construction of a 4 MW mini hydro power plant in Kotmale, Nuwara Eliya district. The Company is also in the process of obtaining approvals to construct several hydro and non-hydro power projects.

Vidul Control Solutions, the new service line of Vidul Engineering Ltd is an outcome of fostering the culture of innovation in the Company. Likewise, presently your Company is actively engaged in developing a new technology for automation of hydro power plant operation & maintenance which is being tested by the Vidul engineers for commercial viability.

#### Appreciation

I would like to take this opportunity to convey my sincere heartfelt thanks to Mr. Hilal Peiris, who left his position in the Board as the Non-Executive Director, for the support and contribution he has made during his tenure. I also welcome Mr. Sidath Fernando and Mr. Sattar Kassim, who have been appointed to the Board in January 2012 and envisage to strive together to the continued success of Vidullanka PLC.

As the Chairman of the Group, I would like to laud the efforts taken by the management and the staff of Vidullanka PLC under strenuous circumstances in the year under review, and the determination to emerge victorious. I am also delighted to commend the Batathota MHPP site staff for securing the 5S award for the manufacturing sector. I wish to extend my appreciations to Mr. Thushara Gunathilake, the Head of Electrical Department who became the runner-up in the Best Online Flow Code Project 2011 competition held by Matrix Micro-controller Software Company of UK.

I would also like to take this opportunity to express my heartfelt thanks and gratitude to my fellow Board members for all the valuable advice and input extended at all times. Last but not least, I wish to thank all the shareholders for the support and trust placed upon us and look forward to your continuous support in the years to come as well.

**Osman Kassim** *Chairman* 6th June, 2012

#### Mr. Osman Kassim

#### Chairman

Mr. Osman Kassim is the Founder Chairman of Expolanka Holdings PLC, a conglomerate that has diversified to be a leading player in a range of business sectors such as transportation, manufacturing, travel & leisure, international trade and strategic investments, with subsidiary companies in 14 countries. He is a pioneer entrepreneur in Agro Exports, Commodity Trading, Freight Management, Islamic Banking and Insurance in Sri Lanka & counts over 35 years of senior management and strategy experience.

Mr. Kassim is the visionary behind the Amana Group of Companies and is the Founder Chairman of Amana Bank and sits on the Board of Amana Takaful PLC. He also serves in Boards of several other companies both, locally and overseas. He is also renowned for his expertise in Islamic Banking & Financial Services and has participated in numerous international forums.

#### Mr. Riyaz Mohamed Sangani

#### Managing Director

Mr. Riyaz Sangani along with Mr. Ranjan Mather founded the Company in 1997. Mr. Riyaz Sangani serves on the Boards of several companies. He is a graduate from the University of Colombo and has also completed his MBA at the Post-Graduate Institute of Management (PIM), University of Sri Jayawardenapura. He is an Associate Member of the Chartered Institute of Management Accountants, UK. He also serves as the treasurer for the Small Hydro Power Developers Association.

#### Mr. S. Ranjan Mather

#### Non-Executive Director

Mr. Ranjan Mather has been a Director of Vidullanka PLC from the inception and is the Chairman of all subsidiary companies of Vidullanka PLC. He is a Director of Chesa Swiss Restaurants (Pvt) Ltd.

#### Dr. Aboobucker Admani M.Haroon

#### Non-Executive Director

Dr. Haroon is a medical practitioner by profession and is a reputed businessman. He holds the Chairmanship of several private companies. His business experience encompasses different industries including Garments, Textiles manufacturing and exports, Health Care and Clinical Diagnostics. He serves the Board as a Non-Executive Director.

#### Mr. Shahid Mohamed Sangani

#### Non-Executive Director

Mr. Shahid Sangani is the Managing Director of Lanka Equities (Pvt) Ltd, the holding company of the Lanka Equities Group. His experience in the apparel sector spans over two decades. He is also a Director of several companies. Mr. Shahid Sangani is an Attorney-at-Law of the Supreme Court of Sri Lanka. He serves the Board as a Non-Executive Director.

### Board of Directors

#### Mr. M. Zulficar Ghouse

#### Independent Non-Executive Director

Mr. Zulficar Ghouse is the Executive Director of Expack Corrugated Cartons (Pvt) Ltd, a leading corrugated paper manufacturer. A Fellow Member of the Institute of Chartered Accountants of Sri Lanka and a Fellow Member of Certified Management Accountants of Sri Lanka, with more than 25 years experience in senior management positions both internationally and locally in multinational listed companies. He currently holds Directorships in several companies and also served as Chairman of Liberty Plaza Management Corporation from 2002 to 2010. Mr. Zulficar Ghouse was a member of the judging panel for the Sri Lankan Entrepreneur in 2003 and 2004. He also served in the panel of judges for the Best Quality Software Award organized by British Computer Society from 2004 - 2011. He serves as the Chairman of Audit Committee and serves the Board as an Independent Non Executive Director.

#### **Dr. T. Senthilverl**

#### Non-Executive Director

Dr. T. Senthilverl serves the Board as a Non-Executive Director. He holds Directorships in several entities including CT Land Development PLC, Lanka Ceramics PLC, C.W. Mackie PLC, The Finance Company PLC and Amana Takaful PLC.

#### Mr. Sidath Fernando

#### Independent Non-Executive Director

Mr. Sidath Fernando is an entrepreneur with business interests in Manufacturing, Real Estate, Property Management and Information Communications Technology sectors. Mr. Fernando is the principal shareholder and Chairman of V.D.P. Fernando & Co. Ltd, and has got extensive experience in the Real Estate and Property Development Business. He also served as a Director of the Sri Lanka Telecom and a Director of Sky Network (Pvt) Ltd and SLT Manpower Solution (Pvt) Ltd.

Mr. Fernando has more than 20 years of hands-on experience in business management, finance, manufacturing and marketing gained while managing his own Small & Medium Enterprises, He also has served as a Committee Member of the Chamber of Young Entrepreneurs in Sri Lanka and also a Rotarian.

#### Mrs. Roshini Sangani

#### Non-Executive Director

Mrs. Roshini Sangani is the Managing Director of Alankara Jewellery (Pvt) Ltd. She is also a Director of several companies within Lanka Equities Group. Mrs. Roshini Sangani is an Attorney-at-Law of the Supreme Court of Sri Lanka. She serves the Board as a Non-Executive Director.

#### Mr. C.F. Fuhrer

#### Non-Executive Director

Mr. Christian Fuhrer serves the Board of Vidullanka PLC as a Non-Executive Director. He is also a Director of Chesa Swiss Restaurants (Pvt) Ltd.

#### Mr. Sattar Kassim

#### Independent Non-Executive Director

Mr. Sattar Kassim is one of the Founder Directors of the Expolanka Holding PLC, a conglomerate that has diversified to be a leading player in a range of business sectors such as transportation, manufacturing, travel & leisure, international trade and strategic investments, with subsidiary companies in 14 countries. He is the Group Director of the International Trading Sector with more than 30 years of senior management experience in private sector organizations locally and overseas. He is a pioneer in the commodity trading business in Sri Lanka and is also actively involved in trading, import & export of agricultural Products and also Executive Council Member of the Sri Lanka Pakistan Business Council.

Sattar Kassim is the Chairman for more than 25 companies including Bio Extracts (Pvt) Ltd and Expack Corrugated Cartons (Pvt) Ltd.

In the year under review, Vidullanka Group saw both the setbacks and the hope of victorious emergence to deliver its promise to the stakeholders; that is the generation of wealth for all involved.

#### **Performance Review**

#### Vidullanka PLC

The adverse weather pattern which occurred in the latter half of the year under review has decreased the overall group profits . The electricity generation by the power plants reduced by 26% in comparison to the financial year 2011. The avoided cost based tariff for the year also reduced to Rs. 10.23/kWh from Rs. 11.09/kWh. This led to the combined effect of 30% revenue reduction of Vidullanka PLC.

The management took mitigation measures and as a result, the direct cost of power generation reduced by 29%. Further the administration expenses of the Company increased by 14%, due to the increase in the staff remuneration and the project development expenses. The finance cost increased by 30% as the Company obtained long term debt for ongoing projects.

Penstock - Ganthuna MHPP

#### Vidul Engineering Ltd (VEL)

The year under review, Vidul Engineering Ltd recorded a profit of 0.3 Mn, as a result of strategic shift in the year 2010/11 - from construction of power plants to more diversified areas of design & project management, supply & installation of electro-mechanical equipment, commissioning of mini hydro power projects, operation & maintenance of power plants and feasibility studies of renewable energy projects.

With this, the subsidiary witnessed a major turnaround, serving several external clients and positioning itself as a quality oriented total solution provider in the small hydro power industry. During the year under review, Vidul Engineering Ltd designed the power plant of Branford MHPP which was commissioned in April, 2012. The design was a ground breaking solution as the gross head of the plant is less than 6m. VEL also renders design, project management and consultation services to Dunsinane MHPP and Rakwana Ganga MHPP.

The emergence of the new service line is the outcome of extensive investment in the human resource of the Company and the high level of

# Management Commentary

The adverse weather pattern which occurred in the latter half of the year under review has decreased the overall group profits . The electricity generation by the power plants reduced by 26% in comparison to the financial year 2011. The avoided cost based tariff for the year also reduced to Rs. 10.23/kWh from Rs. 11.09/kWh. This led to the combined effect of 30% revenue reduction of Vidullanka PLC.

Control Panel Manufactured & Commissioned by Vidul Engineering Ltd.

recognition and value placed on Innovation in the Company Culture. The Management realized the potential for these new service lines and is actively involved in taking these to the international arena, through the subsidiary which is involved in feasibility studies in East Africa for Vidullanka PLC and external clients.

#### Gurugoda Hydro (Pvt) Ltd

Ganthuna MHPP, the 1.2 MW mini hydro power plant generated a profit after tax of 19 Mn, with a net profit margin of 49%. The revenue reduced by 42% as a result of the unfavourable weather pattern which existed during the latter half of the year under review. However the joint venture managed to reduce overhead expenses by integrating its head office functions with the group. The project is a joint venture between Vidullanka PLC and Hirdaramani Group.

#### **Projects in Progress**

#### Hal Oya MHPP

The fifth project of Vidullanka is a joint venture with Vanguard Industries (Pvt) Ltd. The Hal Oya MHPP project is located in Uva-Paranagama divisional secretariat of Badulla District with a design capacity of 800 kW. Presently Vidul Engineering Ltd, who is providing design & project management service is also engaged in installation of electro-mechanical equipment. The power plant is expected to be commissioned in June 2012.

Branford MHPP

Batathota MHPP

#### Wembiyagoda MHPP

The project with the design capacity of 1.3 MW is being constructed under Walagamba Balashakthi (Pvt) Ltd, which is a fully owned subsidiary of Vidullanka PLC. The project is located in Wembiyagoda village in Kalawana Divisional Secretariat. Presently, about 50% of the construction work has been completed with the procurement order for the electro-mechanical equipment has been placed. Once commissioned, the power plant is expected to supply 5.6 GWh of energy to the national grid.

#### Madugeta MHPP

In December 2011, Vidullanka PLC commenced construction of a 2.5 MW "Run-of the River "based mini hydro power plant, namely Madugeta MHPP in Neluwa, Galle utilizing the flow of Gin Ganga. The project Company Vidul Madugeta (Pvt) Ltd is a joint venture between Vidullanka PLC and Esna Power (Pvt) Ltd.

The Madugeta MHPP is the first "Low head- High flow" mini hydro project developed by the Company and once commissioned it is expected to deliver 10.1 GWh of energy to the national grid.

#### Lower Kotmale MHPP

Vidullanka PLC has obtained the necessary approvals to construct a 4 MW mini hydro power plant in Kotmale Divisional Secretariat in Nuwara Eliya District. The proposed project would utilize the flow of Kotmale Oya and expected to supply 15.2 GWh of energy to the national grid. The Company is in the final stages of approval prior to construction.

#### Ethamala Ella MHPP

Construction of Ethamala Ella MHPP owned by Nilwala Vidulibala Company (Pvt) Ltd is temporarily halted on a directive of the Central Environmental Authority (CEA). This has been unprecedentedly done even though the constructions had commenced with all the necessary approvals. As the aggrieved party, the project Company has sought legal action and currently awaits the final verdict of the court. The Company is confident that the court verdict will be in favour.

#### **Achievements**

Vidullanka PLC's Batathota MHPP won the sector Award (Manufacturing Sector) at the 2011 Taiki Akimoto 5S awards competition, reflecting the level of preventive maintenance measures taken by the Company in the power plants. The power plant also won 5S-merit awards in 2010 and 2011. The Company won the 5S-merit award for the Bambarabatuoya MHPP for the second consecutive year.

#### **Economic Sustainability**

Vidullanka PLC presently owns two mini hydro power projects namely Bambarabatuoya MHPP and Batathota MHPP with a total installed capacity of 5.2 MW. Gurugoda Hydro (Pvt) Ltd, a joint venture with Hirdaramani Group of Companies owns another 1.2 MW mini hydro power plant.

Vidullanka management is keen on developing the economic sustainability of the stakeholders including the shareholders of the Company. The Top apex identified the mini hydro power sector as one of the strong hold of the Company. Presently Vidullanka is equipped with a business development unit dedicated to identify the potential locations for mini hydro power projects and study the technical & economical feasibility and obtain the approvals for 4 MW mini hydro power project to be constructed in Kotmale, Nuwara Eliya. Further, a break through has come in the East African mini hydro power development initiatives with identification of two commercially feasible small hydro power projects. The Company is seeking to obtain approvals from the relevant authorities.

#### **Environmental Sustainability**

No economical system is sustainable unless it accommodates the ecosystems on which it depends. The current system based on the notion of perpetual economic growth and expansion cannot be achieved given the concern for the green environment is ignored.

Vidullanka PLC, as a corporate citizen is committed to protect the eco systems of the rivers which are utilized by hydro power plants. As a routine procedure, Company staff make site visits and assess the eco systems of the running plants. Further the Company works closely with the Central

Dengue Prevention Campaign at Batathota Village

Environmental Authority, Forest Department & Wild Life Conservation Department and seeks necessary guidance regarding the environmental impact from the development of new renewable energy projects.

Vidullanka PLC is actively engaged in forming a 12 km stretch of "Life-Fence" from Warakandeniya to Lankagama and in Manikkawita along the boundary of Sinharaja Strict Nature Reserve. This is expected to reduce the encroachment into Sinharaja and protect the biodiversity of the forest. Under this program which is to be implemented in collaboration

## Sustainability Report

Ш

No economical system is sustainable unless it accommodates the eco systems on which it depends. The current system based on the notion of perpetual economic growth and expansion cannot be achieved given the concern for the green environment is ignored. with the Forest Department, nearly 2,000 seedlings would be planted and maintained by Vidullanka PLC. To promote the conservation of flora and fauna of the area, the Company has also taken the initiatives to reforest 7.2 hectares of land adjoining both river banks of Ginganga with 8,000 native plants in Neluwa divisional secretariat, Galle.

Construction of Bridge at Madugeta Village

#### **Social Sustainability**

The Vidul Group is keen on preserving the interests of both the internal and external stakeholders and the concept of this preservation is incorporated directly into the roots of the organizational strategy. The top management of the group believes that the organization is a unit composed of people and exists to serve the people. Therefore Vidul Group is engaged in activities to promote stakeholder relations.

#### **Community Development**

Vidul Group has joined hands with the local communities of the projects sites to improve their standard of living. In the past we have contributed to the development of infrastructure of the Banagoda, Batathota, and Ganthuna villages. During the year under review, we have continued that culture in the Madugeta Village of Neluwa DS, Galle. Vidullanka is constructing a motorable bridge across Dellawa Oya, with a length of 28m at a cost of Rs.19.6 Mn. On completion the bridge is expected to provide a safe passage of transport for about 120 families of the village.

On 8th March, 2012, the site staff of Batathota Power Plant took part in a dengue prevention shramadana campaign in the Batathota Village along with the local residents, students and police personnel. The campaign targeted eliminating the possible breeding locations of the mosquitoes and distribution of leaflets to the residents on the prevention methodologies.

#### Shareholder Site Visit to Batathota MHPP

Vidullanka PLC organized a site visit on 24th September 2011 for the shareholders as per the request made during the AGM for the year 2010/11. The Vidul group had the pleasure of taking the shareholders and their family members to Batathota MHPP and to exhibit the operation of the power plant and the implementation of 5S principles. This was a unique opportunity for the staff to display the operation of a plant to its owners.

#### Worklife at Vidullanka PLC

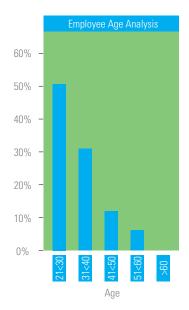

At Vidullanka, we nurture growth. As a pioneer in Sri Lanka's renewable energy sector, we develop professionals who share our dedication to growth, quality, and honesty. We set the foundation for their success by giving our employees industry-best facilities, training and rewards. Vidullanka PLC employees are also given the privilege of rolling up their sleeves and working alongside some of Sri Lanka's most experienced professionals in the fields of Civil Engineering and Electrical Engineering.

The Company as an employer provides equal opportunities to the staff and potential candidates and treat them same regardless of religious beliefs, ethnicity, gender and age. Presently the workforce of the Company is predominantly male due to the intrinsic nature of the industry. However the Company possesses a strong female workforce in the head office in diversified areas including engineering.

#### Training & Development

The Company has a high esteem for the intellectual capital it possesses and consistently invests in it through continuous training and development programs. The new product line, Vidul Control Solutions offered by the subsidiary Vidul Engineering Ltd is a solid example to which extent the organization's human resource excels in the field of mini hydro power projects.

The management has initiated a system encouraging the staff to submit their proposals to the technical evaluation committee. The proposals are evaluated and the candidate is requested to demonstrate how the new proposal would create a favorable impact to the construction or the

operation of a power project. This has led Vidullanka engineers to develop new methodologies to cut down the cost and improve the generation of the power stations. This has also taken Vidullanka to the international arena with one of the Vidul engineers, Mr. Thushara Gunathilake became the runner up in the Best online flow code project 2011 competition held by Matrix Micro Controller software Company of UK.

In addition, the Company has developed a "Penstock Cleaning Equipment" through the innovative skills of the staff, which would ease the strenuous penstock maintenance work in the mini hydro power plants. Presently the Company envisages supplying this equipment to the external clients.

#### **Rewards & Remunerations**

The remuneration policy of the Company focuses on attracting the right pool of talent, retaining and developing them. The employees are subject to annual performance evaluation on the targets agreed upon by the management and themselves. The annual salary increments are based on the performance of the employee and the general inflation factor.

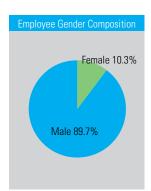

#### **Staff Welfare**

The Vidul Group also endeavors to meet the aspirations and desires of the employees in order to optimize their working capacity and uplift their lives. The Company celebrated its annual get-together & award ceremony on 2nd & 3rd of July 2011 at Kukuleganga Resort. The staff and their family members took part in recreational activities and had two memorable days which boosted the morale and bond among the employees.

Further, the employees are encouraged to take part in sports activities. The Company holds the annual "Vidul Cricket Tournament" among the staff.

#### **Employee Safety**

Vidul Group adopts a stringent preventive maintenance system along with 5S culture in the sites. The employees are given an induction and extensive training at the time of deployment. In addition, the site staff are provided with safety suites, gloves, boots and ear-muffs. Staff also conduct routine drills to handle the possible accidents in the power station.

Shareholders' Site Visit to Batathota MHPP

The Vidullanka Board has delegated specific responsibilities to the Board committees to ensure the practice of good Corporate Governance.

#### Audit Committee Report

The Audit Committee appointed by Vidullanka Board comprises the following Non-Executive Directors:

- 1. Mr. Zulficar M. Ghouse
- 2. Mr. Shahid M. Sangani
- 3. Mr. Sidath Fernando

The committee is chaired by Mr. Zulficar Ghouse, an Independent Non-Executive Director of the Company and the responsibilities of the committee includes assisting the Board of Directors in fulfilling the review of financial reporting process, reviewing the performance of internal audit function and make recommendations on appointment of External & Internal auditors.

The committee has met five times during the year under review and has also undertaken the annual evaluation of the independence and objectivity of the external auditor and the effectiveness of the audit process. In addition, the committee has reviewed and discussed the Company's quarterly and annual financial statements with the managements and with the external auditors, prior to publication .

An internal audit was performed during the year in concern where the prime focus was to obtain an objective assurance on the overall internal control mechanism, risk management and governance. Internal audit was carried out by M/s Baker Tilly Merali's Chartered Accountants.

Based on the reports submitted by External Auditors and Internal Auditors, the Audit Committee is satisfied that Group's accounting policies and operational controls are in order and are being followed.

Mr. M. Zulficar Ghouse Chairman Audit Committee 6th June, 2012.

### **Board Committees**

<u>́о</u> ш 김미

"Corporate Governance involves a set of relationships between a Company's management, its Board, its shareholders and other stakeholders. Corporate Governance also provides the structure through which the objectives of the Company are set, and the means of attaining those objectives and monitoring performance are determined" -OECD Principles of Corporate Governance.

#### **Remuneration Committee Report**

The Board appointed remuneration committee consists of two Non-Executive Directors namely Mr. Osman Kassim and Mr. Ranjan Mather. The committee is chaired by the Mr. Osman Kassim. The Managing Director of the Company attended the meetings by invitation.

The prime responsibility of the committee is to set salary levels, terms and conditions relating to senior management staff. The Committee recommends to the Board of Directors, the remuneration packages, annual salary increments and bonuses of the Executive Director and senior management personnel.

The committee met once during the year to review the compensation structures and the performance evaluation procedure of the senior management staff. The group remuneration policy is set to retain and motivate the competent professionals to achieve the strategic goals of the organization.

**Mr. Osman Kassim** *Chairman Remuneration Committee* 6th June, 2012.

#### **Investment & Strategy Committee Report**

Mr. Osman Kassim Chairman Investment & Strategy Committee 6th June, 2012.

# **Risk Management**

The management has established a robust risk management mechanism to identify, assess and prioritize the risk followed by coordinated and economical application of resources to minimize and control the probability of adverse impact. The process focus on a diversified fields including financial markets, project failures (at any phase in design, development, production, or sustainable life-cycles), legal liabilities, credit risk, accidents and natural disasters.

The following table summarizes the identified risks and the respective mitigation strategies along with the probability of occurrence and the impact.

| Type of Risk          | Description  | Impact    | Likelihood     | Mitigation Strategies  |
|-----------------------|--|-----------|----------------|--|
| Economic Risk         | Changes in the macroeconomic environment   | High      | Medium to High | Vidullanka PLC carries out extensive analysis on macro economic variables before making project investments.   |
| Operational Risk      | Risks arising from the day to day operation of the Company                       | Very High | Low to Medium  | The robustness of the internal control mechanism is audited and assured by the internal auditors of the Company  |
| Credit Risk           | This arises from the customers & credit facilities offered                       | Extreme   | Low            | The only customer of the Vidullanka PLC is the CEB,<br>a state entity. The subsidiary carries out transactions<br>based on written agreements with the clients.  |
| Environmental Risk    | Effect on the environment  | High      | Medium         | The Company carries out extensive ecological<br>surveys with renowned industry consultants during<br>the feasibility study of the project.<br>The engineering department & the site crew<br>are engaged in continuous monitoring of the<br>environmental impact. |
| Public Relations Risk | Adverse effects to the society and<br>the negative response from the<br>public   | High      | Low            | The Company maintains close bonds with the local communities of the project areas, through the community development initiatives and public consultations.   |
| Fraud Risk            | Misuse of Company assets   | High      | Low            | This is controlled through the internal control mechanism established by the Board , which is periodically reviewed by the Board Audit Committee.  |
| Information Risk      | Sensitive information being able to be accessed by those who are not authorized. | High      | Low            | The sensitive information is accessible to the authorized staff of the Company and the IT infrastructure is embedded with required software applications.  |

The Director's responsibility in relation to the Financial Statements is detailed below. The report of the Auditors sets out their responsibility in relation to the Financial Statements.

The Companies Act No. 07 of 2007 requires that the Directors prepare Financial Statements for each financial year, which reflect a true and fair view of the state of affairs of the Company and the Group as at the end of the financial year and the profit for that financial year. In preparation of these statements the Directors are required to ensure that,

- 1. Appropriate accounting policies have been selected and applied on a consistent basis. Material anomalies, if any, are disclosed and explained.
- 2. Ensure that all applicable accounting standards have been followed.
- 3. The adjustments and estimates are reasonable and prudent.
- 4. The Directors are responsible for ensuring that the Company keeps sufficient accounting records to disclose, with reasonable accuracy, the financial position of the Company and that of the Group and to enable them to ensure that the Financial Statements comply with the Companies Act. They are also responsible for taking reasonable steps to safeguard the assets of the Company and to establish appropriate systems of internal controls, which provide reasonable though not absolute assurance to the Directors that assets are safe guarded and internal controls, are in place with a view to the prevention and detection of fraud and error.
- 5. The Directors are required to prepare the Financial Statements and to provide the Auditors with every opportunity to take whatever steps, and undertake whatever inspection they consider to be appropriate for the purpose of enabling them to give their audit report.

The Directors are of the view that they have discharged their responsibilities as set out in this statement.

#### **Compliance Report**

The Directors confirm that to the best of their knowledge, all taxes, duties and levies and taxes payable on behalf of and in respect of employees of the Company and its group companies, and all other known statutory dues as were due and payable by the Company and its group companies as at the balance sheet date have been paid or where relevant provided for.

By order of the Board,

Salado

Managers & Secretaries (Pvt) Ltd. Secretaries

Vidullanka PLC 6th June, 2012.

#### INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF VIDULLANKA PLC AND ITS SUBSIDIARIES

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Vidullanka PLC ("Company"), the consolidated financial statements of the Company and its subsidiaries, which comprise the balance sheets as at 31 March 2012, and the income statements, statements of changes in equity and cash flow statements for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Sri Lanka Accounting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Scope of Audit and Basis of Opinion

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Sri Lanka Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit. We therefore believe that our audit provides a reasonable basis for our opinion.

#### Opinion

In our opinion, so far as appears from our examination, the Company maintained proper accounting records for the year ended 31 March 2012 and the financial statements give a true and fair view of the Company's state of affairs as at 31 March 2012 and its profit and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards. In our opinion, the consolidated financial statements give a true and fair view of the state of affairs as at 31 March 2012 and the profit and cash flows for the year then ended, in accordance with Sri Lanka Accounting Standards, of the Company and its subsidiaries dealt with thereby, so far as concerns the shareholders of the Company.

#### **Report on Other Legal and Regulatory Requirements**

In our opinion, these financial statements also comply with the requirements of Sections 151(2) and 153(2) to 153(7) of the Companies Act No. 07 of 2007.

The consolidated financial statements have been prepared on a historical cost basis. The consolidated financial statements are presented in Sri Lankan rupees and all values are rounded to the nearest integer except when otherwise indicated.

#### 2.1.1 Statement of Compliance

The Balance Sheet, Statements of Income, Changes in Equity and Cash Flows, together with Accounting Policies and Notes, ("Financial Statements") i.e. Consolidated Financial Statements and separate Financial Statements of the Company as at 31 March 2012 and for the year then ended been prepared in accordance with Sri Lanka Accounting Standards (SLAS) laid down by Institute of Chartered Accountants of Sri Lanka.

The preparation and presentation of these Financial Statements are in compliance with the Companies Act No. 07 of 2007.

#### 2.1.2 Going Concern

The Directors have made an assessment of the Company's ability to continue as a going concern and they do not intend either to liquidate or to cease trading.

#### 2.1.3 Basis of Consolidation

The consolidated financial statements comprise the financial statements of Vidullanka PLC and its subsidiary and Joint Ventures as at 31 March each year. The financial statements of the subsidiary and Joint Ventures are prepared for the same reporting year as the parent Company, using consistent accounting policies.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date such control ceases.

Minority interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the income statement and within equity in the consolidated balance sheet, separately from parent shareholders' equity. Acquisitions of minority interests are accounted for using the parent entity extension method, whereby, the difference between the consideration and the book value of the share of the net assets acquired is recognised as goodwill.

Jointly-controlled entities are accounted for, using proportionate consolidation method, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

#### 2.1.4 Comparative Information

The accounting policies have been consistently applied by the Group and, are consistent with those used in the previous year. Comparative information is reclassified whenever necessary to comply with the current presentation.

#### 2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

#### Judgements

In the process of applying the Company's accounting policies, management has made judgements, apart from those involving estimations, which has the most significant effect on the amounts recognized in the Financial Statements.

#### Impairment losses on receivables and other receivable:

Company reviews its receivables and other receivable at each reporting date to assess whether an allowance for impairment should be recorded in the financial statements. Judgement by the management is required in the estimation of these amounts and such estimations are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the allowance.

#### Deferred Tax Assets:

Deferred tax assets are recognized for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

#### Useful lives of Property, Plant and Equipment:

The Company reviews the assets' residual values, useful lives and methods of depreciation at each reporting date. Judgement by the management is exercised in the estimation of these values, rates, methods.

#### Impairment of Equity Investment:

The Company treats all equity investment as impaired when there has been a significant or prolonged decline in the fair value below its cost or where other objectives evidence of impairment exists. The determination of what is significant or prolonged requires judgement.

#### **Estimates and Assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the next financial year are discussed below. The respective carrying amounts of assets and liabilities are given in related notes to the Financial Statements.

#### Fair value of Property, Plant and Equipment:

The property, plant and equipment of the Company are reflected at fair value. When current market prices of similar assets are available, such evidences are considered in estimating fair values of theses assets. In the absence of such information the Company determines within a reasonable fair value estimates, amounts that can be attributed as fair values, taking in to consideration discounted cash flow projections based on estimates,

derived evidence such as current market rents for similar properties and using discount rates that reflect uncertainty in the amount and timing of cash flows.

### Defined Benefit Plan:

The Defined Benefit Obligation and related charge for the year is determined using assumptions required under projected Unit credit method. The valuation involves making assumption about discount rate, future salary increases, staff turnover rates etc. Due to the long term nature of such obligation these estimates are subject to significant uncertainity. Further details are given in Note 9 to these financial statements.

#### 2.3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 2.3.1 Foreign Currency Translation

The Financial Statements are presented in Sri Lanka Rupees, which is the Company's functional and presentation currency. Transactions in foreign currencies are initially recorded at the functional currency rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to profit or loss in exchange account. Non monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

#### 2.3.2 Taxation

#### **Current Taxes**

Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax law used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

The provision for income tax is based on the elements of income and expenditure as reported in the Financial Statements and computed in accordance with the provisions of the Inland Revenue Act.

The provision for current taxation is made for all the companies in the group except for Gurugoda Hydro (Pvt) Ltd. Gurugoda Hydro (Pvt) Ltd is a Company approved under BOI Law, as such the Company enjoys a tax holiday for five years effective from the year in which the Company commences to make profits or any year of assessment not later than two years reckoned from the date of commencement of commercial operations, whichever is earlier, as per the BOI Agreement dated 28 May 2009. Currently the Company is enjoying the tax holiday period.

#### **Deferred Taxation**

Deferred income tax is provided, using the liability method, on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognised for all taxable temporary differences except where the deferred income tax liability arises from the initial recognition of an asset or liability in a transaction that is not a

business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred income tax assets are recognized for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax assets and unused tax losses can be utilised except where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted as at the balance sheet date.

#### Sales Tax

Revenues, expenses and assets are recognised net of the amount of sales tax except where the sales tax incurred on a purchase of assets or service is not recoverable from the taxation authorities in which case the sales tax is recognised as a part of the cost of the asset or part of the expense items as applicable and receivable and payable that are stated with the amount of sales tax included. The amount of sales tax recoverable and payable in respect of taxation authorities is included as a part of receivables and payables in the Balance Sheet.

#### 2.3.3 Borrowing Costs

Borrowing costs are recognized as an expense in the period in which they are incurred, except to the extent where borrowing costs that are directly attributable to the acquisition, construction, or production of an asset that takes a substantial period of time to get ready for its intended use or sale, are capitalized as part of that asset.

#### 2.3.4 Inventories

Inventories are valued at the lower of cost and net realizable value, after making due allowances for obsolete and slow moving items. Net realizable value is the price at which inventories can be sold in the ordinary course of business less the estimated cost of completion and the estimated cost necessary to make the sale.

The cost incurred in bringing inventories to its present location and conditions are accounted as follows:-

| Raw Materials   | At actual cost on first-in first-out basis |
|-----------------|--|
| Finished Goods  | At the cost of direct materials, direct    |
|                 | labour and an appropriate proportion of    |
|                 | Fixed production overheads based on        |
|                 | normal operating capacity.                 |
| Good in Transit | At actual cost.                            |

# NOTES TO THE FINANCIAL STATEMENTS CONTD....

#### 2.3.5 Trade and Other Receivables

Trade receivables are stated at the amounts they are estimated to realize net of allowances for bad and doubtful receivables.

Other receivables and dues from Related Parties are recognized at cost less allowances for bad and doubtful receivables.

#### 2.3.6 Cash and Cash Equivalents

Cash and cash equivalents are defined as cash in hand, demand deposits and short-term highly liquid investments, readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and deposits in banks net of outstanding overdrafts. Investments with short maturities i.e. three months or less from the date of acquisitions are also treated as cash equivalents.

#### 2.3.7 Property, Plant and Equipment

#### a) Cost and Valuation

All items of Property, Plant & Equipment are initially recorded at cost. Where items of Property, Plant and Equipment are subsequently revalued, the entire class of such assets is revalued. Revaluations are made with sufficient regularity to ensure that their carrying amounts do not differ materially from their fair values at the balance sheet date. Subsequent to the initial recognition as an asset at cost, revalued Property, Plant and Equipment are carried at revalued amounts less any subsequent depreciation thereon. All other Property, Plant and Equipment are stated at historical cost less depreciation.

When an asset is revalued, any increase in the carrying amount is credited directly to a revaluation surplus unless it reverses a previous revaluation decrease relating to the same asset, which was previously recognized as an expense. In these circumstances the increase is recognized as income to the extent of the previous write down. When an asset's carrying amount is decreased as a result of a revaluation, the decrease is recognized as an expense unless it reverses a previous increment relating to that asset, in which case it is charged against any related revaluation surplus, to the extent that the decrease does not exceed the amount held in the revaluation surplus in respect of that same asset.

#### b) Depreciation

The provision for depreciation is calculated by using a straight line method on the cost or valuation of all Property, Plant and Equipment other than Freehold Land, in order to write off such amounts over the following estimated useful lives by equal installments.

| Office Furniture    | 10 Years          |
|---------------------|-------------------|
| Office Equipment    | 05 Years          |
| Plant & Machinery   | 05 Years – 60 Yea |
| Computer & Computer |                   |
| Equipment           | 04 Years          |
| Vehicles            | 05 Years          |

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

#### 2.3.8 Leases – Company as a Lessee

Property, Plant and Equipment on finance leases, which transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are reflected in the income statement.

Capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term. The depreciation policy for depreciable leased assets is consistent with that for depreciable asset that are owned as described in 2.3.7 (b).

Operating lease payments are recognised as an expense in the income statement on a straight line basis over the lease term.

#### 2.3.9 Investments

### a) Initial Recognition:

Cost of investment includes purchase cost and acquisition charges such as brokerages, fees, duties and bank regulatory fees. The Company distinguishes and presents current and non current investment in the balance sheet.

### b) Measurement

## **Current Investment**

Current investments are carried at the lower of cost and market value, determined on the basis of aggregate portfolio.

Unrealized losses arising from reduction to market value and reversal of such reduction required to state current investments at lower of cost and market value are included in income statement.

#### Long Term Investments

Long term investments are stated at cost. Carrying amounts are reduced to recognize a decline other than temporary, determined for each investment individually. These reductions for other than temporary decline in carrying amounts are charged to the Income Statement.

#### **Joint Venture Investment**

The Company's investment in joint ventures is proportionately consolidated, which involves recognizing a proportionate share of joint ventures assets, liabilities, income and expenses with similar items in the Company's financial statements on a line-by-line basis.

In the separate financial statements of the Company such investments in joint ventures are accounted at cost.

#### 2.3.10 Other Project Investments

The Company's investment in various power generating projects are included under this category. Other Project Investments are stated at cost or lower of management's estimation of realizable value. The Company assesses the viability of the projects at each reporting date for any indications of Impairment. Any impairment recognized will be charged to the Income Statement.

#### 2.3.11 Impairment of Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

Impairment losses of continuing operations are recognised in the income statement in those expense categories consistent with the function of the impaired asset, except for property previously re-valued where the revaluation was taken to equity. In this case the impairment is also recognised in equity up to the amount of any previous revaluation.

For assets, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimate of recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the income statement unless the asset is carried at revalued amount, in which case the reversal is treated as a revaluation increase.

#### 2.4 LIABILITIES AND PROVISIONS

#### 2.4.1 Retirement Benefit Obligations

#### a) Defined Benefit Plan – Gratuity

The Company annually measures the present value of the promised retirement benefits for gratuity, which is a defined benefit plan using the Gratuity Formula in Appendix E of Sri Lanka Accounting Standard No. 16, Employee Benefits (Revised 2006) which is based on the Projected Unit Credit method as discussed in the said Standard. Although actuarial assumptions are used therein, it should not be treated as a substitute to an Actuarial Valuation.

This item is state under Defined Benefit Liability in the Balance Sheet.

#### b) Recognition of Actuarial Gains and Losses

Actuarial gains and losses are recognized as income or expenses when the net cumulative unrecognized actuarial gains and losses at the end of the previous reporting period exceeded 10% of the higher of the defined benefit obligation and the fair value of plan assets at the date. The gain / losses are recognized over the expected average remaining working lives of the employees participating in the plan.

#### c) Recognition of Past Service Cost

Past Service Costs are recognized as an expense on a straight line basis over the average period and until the benefits become vested. If the benefits have already been vested, immediately following the introduction of changes to the plan, past service costs are recognized immediately.

#### d) Funding Arrangements

The gratuity liability is not externally funded.

## 2.4.2 Defined Contribution Plans – Employees' Provident Fund & Employees' Trust Fund

Employees are eligible for Employees' Provident Fund Contributions and Employees' Trust Fund Contributions in line with the respective statutes and regulations. The Company contributes 12 % and 3% of gross emoluments of employees to Employees' Provident Fund and Employees' Trust Fund respectively.

### 2.4.3 Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### 2.5 INCOME STATEMENT

#### 2.5.1 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue and associated costs incurred or to be incurred can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable net of trade discounts and sales taxes. The following specific criteria are used for the purpose of recognition of revenue.

#### a) Energy Supplied

Revenue from energy supplied is recognized, upon delivery of energy from the power plant and the adjustment for transmission line losses shall be adjusted monthly upon getting the meter reading by Ceylon Electricity Board at the metering point (Delivery of Electrical Energy shall be completed when Electrical Energy meets the specifications as set out in the power purchase agreement is received at the metering point). As per the Standard Power Purchasing agreement, the power plants are to be operated as a must run facility and the tariff/price is also governed by the same agreement. The standard power purchasing agreement signed for Bambarabatuoya MHPP and Batathota MHPP are for 15 years commencing from 1st June 2001 and 6th March 2007 respectively.

#### b) Interest

Interest Income is recognized on an accrual basis.

### c) Rendering of Services

Revenue from rendering of services is recognized by reference to the stage of completion.

# NOTES TO THE FINANCIAL STATEMENTS CONTD....

#### d) Others

Other income is recognized on an accrual basis.

Net gains and losses of a revenue nature on the disposal of Property, Plant and Equipment and other non-current assets including investments have been accounted for in the income statement, having deducted from proceeds on disposal, the carrying amount of the assets and related selling expenses.

Gains and losses arising from incidental activities to main revenue generating activities and those arising from a group of similar transactions which are not material are aggregated, reported and presented on a net basis.

#### 2.5.2 Expenditure Recognition

- Expenses are recognized in the income statement on the basis of direct association between the cost incurred and the earning of specific item of income. All expenditure incurred in the running of the business and in maintaining the Property , Plant and Equipment in a state of efficiency has been charged to income in arriving at the profit for the year.
- b) For the purpose of presentation of Income Statement, the Directors are of the opinion that function of expenses method presents fairly the elements of the Company's performance, hence such presentation method is adopted.
- Finance expenses are recognized in the income statement on an accrual basis.

# 2.6 Sri Lanka Accounting Standards effective from 01 January 2012

The Company will be adopting the new Sri Lanka Accounting Standards (new SLAS) comprising LKAS and SLFRS applicable for financial periods commencing from 01 January 2012 as issued by the Institute of Chartered Accountants of Sri Lanka. The Company has commenced reviewing its accounting policies and financial reporting in readiness for the transition. As the Company has a 31st March year end, priority has been given to considering the preparation of an opening balance sheet in accordance with the new SLASs as at 01 April 2012. This will form the basis of accounting for the new SLASs in the future, and is required when the Company prepares its first new SLAS compliant financial statements for the year ending 31 March 2013. Set out below are the key areas where accounting policies will change and may have an impact on the financial statements of the Company. The Company is in the process of quantifying the impact on the financial statements arising from such changes in accounting policies.

(a) SLFRS 1 – First Time Adoption of Sri Lanka Accounting Standards requires the Company to prepare and present opening new SLFRS financial statements at the date of transition to new SLAS. The Company shall use the same accounting policies in its opening new SLAS financial statements and throughout all comparable periods presented in its first new SLAS financial statements.

- (b) LKAS 1 Presentation of Financial Statements requires an entity to present, in a statement of changes in equity, all owner changes in equity. All non owner changes in equity are required to be presented in one statement of comprehensive income or in two statements (a separate income statement and a statement of comprehensive income). Components of comprehensive income are not permitted to be presented in the statement of changes in equity. This standard also requires the Company to disclose information that enables users of its financial statements to evaluate the entity's objectives, policies and processes for managing capital.
- (c) LKAS 16 Property Plant and Equipment requires a Company to initially measure an item of Property Plant and Equipment at cost, using the cash price equivalent at the recognition date. If payment is deferred beyond normal credit terms, the difference between the cash price equivalent and the total payment is recognized as interest over the period, unless such interest is capitalized in accordance with LKAS 23 Borrowing Costs.

All site restoration costs including other environmental restoration and similar costs must be estimated and capitalized at initial recognition, in order that such costs can be depreciated over the useful life of the asset.

This standard requires depreciation of assets over their useful lives, where the residual value of assets is deducted to arrive at the depreciable value. It also requires that significant components of an asset be evaluated separately for depreciation.

(d) LKAS 32 – Financial Instruments: Presentation, LKAS 39 – Financial Instruments: Recognition and Measurement and SLFRS 7 – Disclosures will result in changes to the current method of recognizing financial assets, financial liabilities and equity instruments. These standards will require measurement of financial assets and financial liabilities at fair value at initial measurement. The subsequent measurement of financial assets classified as fair value through profit and loss and available for sale will be at fair value, with the gains and losses routed through the statements of comprehensive income and other comprehensive income respectively.

Financial assets classified as held to maturity and loans and receivables will be measured subsequently at amortized cost. These assets will need to be assessed for any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') coupled with a reliable estimate of the loss event (or events) impact on the estimated future cash flows of the financial asset or group of financial assets. As such the current method of assessing for impairment will have to be changes to meet the requirements of these new standards.

Financial liabilities will be either classified as fair value through profit or loss or at amortized cost. At present, the Company does not identify, categorize and measure financial assets and liabilities as per the requirements of the standard and also does not recognized certain derivative instruments on the balance sheet

- SLFRS 2 Share Based Payments, will require the Company to reflect in its profit or loss and financial position the effects of share based payment transactions, including expenses associated with share options granted to employees. An entity is required to recognize share based payment transactions when goods are received or services obtained based on the fair value of goods or services or the fair value of equity instruments granted. Hence the Company will be required to determine the fair value of options issued to employees as remuneration and recognize an expense in the statement of financial performance. This standard is not limited to options and extends to all forms of equity based remuneration and payments.
- (f) SLFRS 3 Business combinations will require the Company to apply this standard to transactions and other events that meet the new definition of a business i.e. an integrated set of assets (inputs) and activities (processes) which are capable of being conducted and managed to provide a return, as opposed to a mere asset acquisition. Under the new acquisition method of accounting, in addition to recognizing and measuring in its financial statements the identifiable assets acquired and liabilities assumed the standard also requires recognition and measurement of any non-controlling interest in the acquire and re-measuring to fair value any previously held interests which could have an impact on the recognition of goodwill. Subsequent to the acquisition of control any acquisitions or disposals of non-controlling interest without loss of control will be accounted for as equity transactions and cannot be recognized as profit/loss on disposal of investments in the statement of financial performance.
- (g) LKAS 23 Borrowing Cost, the Company must capitalize borrowing costs in relation to a qualifying asset. [if applicable] Since the current policy is to expense all borrowing costs, this will result in a change in accounting policy.
- (h) LKAS 12 Income Tax requires deferred tax to be provided in respect of temporary differences which will arise as a result of adjustments made to comply with the new SLAS.
- i) LKAS 18 Revenue requires the Company to measure revenue at fair value of the consideration received or receivable. It also specifies recognition criteria for revenue, and the Company needs to apply such recognition criteria to the separately identifiable components of a single transaction in order to reflect the substance of the transaction.

| Year ended 31st March 2012                | Balance<br>As at  | Additions/<br>Transfers/ | Disposals/<br>Transfers | Balance<br>As at  |
